## Infectious Disease Fellows Abstract Submissions - 2020

To recognize IDSNY adult and pediatric ID fellows' research accomplishments, we will again have a fellow scientific research competition and award as part of the annual symposium of the NY Infectious Disease society.

### Submission requirements:

1. First author must be a current pediatric or adult ID fellow in the New York Metropolitan area.
2. Fellows must be members of the IDSNY which is free (<http://www.idsnny.org>).  
**Fellows must be able to present their posters and, if selected for an award, give a PowerPoint presentation on the day of the meeting - Tuesday, May 19<sup>th</sup>, 2020, at the Lubin Building of the Albert Einstein College of Medicine 1300 Morris Park Avenue Bronx NY 10461.**
3. Fellows may submit any abstract regardless of prior or intended future regional or national presentations.
4. Research must have been performed within the prior year.
5. **No case presentations** are accepted unless part of a broader research study.

### Abstract selection for presentation and criteria for cash award:

1. There will be two award categories: clinical and basic (bench, incl. translational) research.
2. A committee made up of board members of the IDSNY will review the abstracts based on scientific merit.
3. Winners of the competition will receive an award and a cash prize at the meeting; they are also anticipated to present their data in power point (in addition to the poster).
4. Please note that all accepted abstracts are anticipated to be presented in form of a poster regardless of award. We ask you to remain close to your poster during lunch and coffee break of the meeting (poster boards are 4' x 6' and accommodate regular poster sizes).

### Abstracts must adhere to the format requirements outlined below.

1. The entire contents of the abstract, including title, authors, and institutional affiliations must fit on a **single 8½ by 11-inch sheet** when printed.
2. Abstracts should be submitted as a **Word document**.
3. Arial 11-point typeface, all in black, with single spaced text with margins of one inch.
4. The heading should be a short, concise title in bold font, followed by all authors' first and last names, degrees, and institutions.
5. Word limit of 350 for abstract text (without title, authors and affiliations) plus one optional table, figure, or photo.
6. The structure should include objectives, methods, results, and conclusions. Fonts in tables and figures should be easily readable when printed on a letter size page. Photographs should be in black and white.
7. Generic names should be used for therapeutic agents.
8. All non-standard or unusual abbreviations must be defined in parentheses after the first use of the abbreviation.
9. An e-mail address and if applicable, all sources of funding must be included. If necessary, these may be as small as 9 point and appear in the bottom margin, although they still must be black.

Abstracts should be sent as a Word document via e-mail by **April 6<sup>th</sup>, 2020** to the IDSNY President-elect Adam Ratner, MD, MPH at [Adam.Ratner@nyulangone.org](mailto:Adam.Ratner@nyulangone.org). Receipt of submissions will be confirmed by email.
